### **Designs for Roosevelt**

Saturday, October 18, 2014, at 8:00 PM, Borough Hall

Roosevelt resident and Rutgers Professor of Landscape Architecture Kate John-Alder had her "Praxis Studio: Open Space Design" class creatively contemplate the history, culture and environment of Roosevelt. Beginning with the creation of a multiple layer timeline, the students had to create a set of imaginative "interventions" to highlight the unique and wonderful character of the town. Spend an evening with Prof. John-Alder, her students, and invited class-speakers and members of the final jury as they show and discuss different visions for Roosevelt's future.

### **Musical London: A Piano Recital with Commentary by Alan Mallach**

Saturday, November 8, 2014, at 8:00 P, Borough Hall

London has been a rich center of musical life for centuries and over those years has yielded a rich treasure of keyboard music: from the Elizabethan era through the many visitors and adopted sons that enriched its musical life, such as Handel, Clementi, and Mendelssohn, to the English composers of the last century. In a program beginning with Elizabethan composers John Bull and William Byrd, and taking us up to 20th century composers like Frederick Delius, Arnold Bax, and Benjamin Britten, Alan Mallach will offer a vivid, melodic sample of London's musical story.
